Power4Georgians to Participate in Plant Washington Career Fairs *Fairs being held at Sandersville and Heart of Georgia Technical Colleges.*

(Sandersville, Ga. – May 5, 2009) – In anticipation of and preparation for start of the construction phase of Plant Washington, Power4Georgians will participate in Career Fairs to be held at [Sandersville Technical College](#) on May 28, 2009 and at [Heart of Georgia Technical College](#) on August 18, 2009.

The purpose of the fairs is to begin to inform, prepare and train a work force for the construction phase of the power plant. Over skilled 1,500 skilled workers will be needed to build the state-of-the-art power generation facility.

Representatives from Power4Georgians will be on hand to provide descriptions of the various job categories and requirements as well as updates on the progress of the power plant.

Representatives from Sandersville Technical College and Heart of Georgia Technical College will be available to discuss options on obtaining needed training and certifications for various job classifications, financial aid, as well as other career opportunities available at the technical college.

Visit www.Power4Georgians.com and click on [Employment Opportunities](#) to learn more about the types and number of jobs that will be available during the construction phase and to register your contact information so that we can notify you of future Career Fairs.
